SUMMARY OF EXPERIENCE – Dr. Rodriguez is an experienced higher education professional with transformational leadership traits, process management knowledge, and demonstrated data-informed solutions. As an innovative, strategic leader committed to excellence, he relies on research, policy, and data to develop and implement plans that yield successful results. His professional goals align with his core values of accountability, dependability, innovation, integrity, and joy.

In his current role at Dallas College Pleasant Grove Center, Dr. Rodriguez is responsible for program implementation assessment and conducts special projects relating to customer service surveys, data analysis, reporting, and communication. In earlier positions he provided technical expertise and consultation regarding the college's strategic plan, developed policies and procedures on the use of institutional data, and supported faculty and college leadership in making data-informed decisions.

Dr. Rodriguez has professional proficiency in both English and Spanish.
